

Policy

Quality

Decorient is committed to deliver projects that meet clients' requirements in a pro-active, professional, and cost-effective manner.

This is achieved through our leadership commitment and the application of the Decorient Management System (DMS).

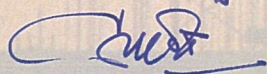

To accomplish this, we will:

- Actively seek continual improvement of the system by setting objectives and targets to measure our performance and by requesting performance feedback from our clients.
- Instilling the principle of "Building to Last, No Reworks and One Time Done Right".
- Ensure that all subcontractors and suppliers involved in our projects must meets the quality standards.
- Use the best quality products from reputable suppliers
- To consistently provide products and services in a manner that will satisfy Client requirements in all respects.
- To continually review, improve & implement quality control & best practices to achieve highest quality level

Our system is certified to ISO 9001:2015.

This policy applies to all Decorient controlled activities.
